TERMO DE GARANTIA DALLA COSTA

Os móveis Dalla Costa são elaborados dentro dos melhores padrões de qualidade obedecendo normas técnicas de fabricação. Garantimos este produto contra eventuais defeitos de fabricação por um período de 6 meses, contado a partir da data de venda, comprovado pela nota fiscal.

Constatado o defeito de fabricação o Sr(a) consumidor(a) deverá solicitar a assistência técnica através do estabelecimento da compra. Este termo de garantia será anulado e sem efeito na ocorrência de qualquer das seguintes hipóteses:

- O defeito apresentado for causado pelo proprietário ou por terceiros;
- Não forem cumpridas as recomendações de montagem contidas neste manual;
- O defeito apresentado for decorrente de desgaste natural do produto, agentes da natureza, transporte e armazenagem indevidos.

A matéria-prima usada é o MDF (medium Density Fibeboard), madeira ecologicamente correta proveniente de área de reflorestamento, de alta resistência e durabilidade.

O acabamento de superfície dos móveis Dalla Costa é obtido com pintura e secagem ultravioleta.

Para Conservar a qualidade e a beleza do móvel recomenda-se os seguintes cuidados:

- Evite colocar em local excessivamente úmido;
- Evite a incidência direta de luz solar;
- Evite colocar objetos pontiagudos diretamente em cima do móvel.

Para limpeza recomenda-se somente pano umedecido em água.

DALLA COSTA WARRANT TERMS

Dalla Costa furniture is produced within the best quality criteria following technical manufacturing standards. We guarantee this product against eventual defects for a period of 6 months, starting from the sale date stated on the purchase receipt.

Manufacturing defect found Mr (a) consumer (a) shall seek technical assistance through the establishment of purchase.

This warranty term will be canceled and disregarded if any of the situations below occurs:

- The defect was caused by the owner of the goods or by a third part;
- The assembly recommendation contained in the assembly intructions is not followed appropriately;
- The defect is due to natural wear of the product, nature factors or improper transport or storage ;
- The used raw material is MDF (Medium Density Fibeboard), wood within ecologically acceptable standards from a reforestation area, with high resistance and durability.

The surface finish of Dalla Costa furniture is obtained with paint and ultraviolet drying.

To keep the quality and beauty of your furniture we recommended the following care to be taken:

- Avoid putting it in places extremely wet;
- Avoid exposing in to direct sun light;
- Avoid placing sharp objects directly on the piece of furniture. It is recommended that a damp piece of cloth is used for cleaning it.

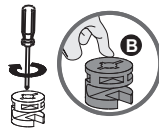

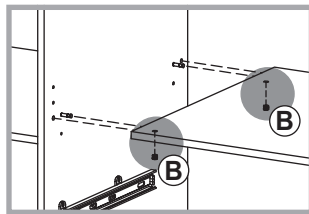

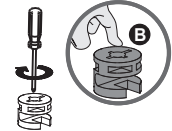

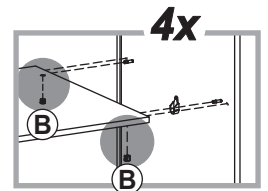

Diagram illustrating the assembled shelving unit with numbered callouts:

- 02: Shelf support bracket (shown on the right side of the unit).
- 03: Shelf support bracket (shown on the top shelf).
- 04: Shelf support bracket (shown on the bottom shelf).
- 05: Shelf support bracket (shown on the second shelf from the top).
- 09: Shelf support bracket (shown on the third shelf from the top).

(6x)

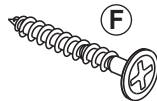

A 3D diagram of a rectangular box with 24 force vectors, each labeled 'F', acting on its faces. The vectors are distributed as follows:

- Top face:** 4 vectors pointing downwards.
- Bottom face:** 4 vectors pointing upwards.
- Front face:** 4 vectors pointing to the right.
- Back face:** 4 vectors pointing to the left.
- Left face:** 4 vectors pointing to the right.
- Right face:** 4 vectors pointing to the left.

 The vectors are arranged in a grid-like pattern on each face, with 2 vectors per face on the top and bottom, and 2 vectors per face on the side faces.

(26x)

A line drawing of a tall, narrow cabinet with multiple shelves. A sliding door, labeled with a circled '25', is being attached to the right side of the cabinet frame. Four screws are shown being driven into the door to secure it to the frame. The door is shown in a partially open position, revealing the interior shelves.

1º

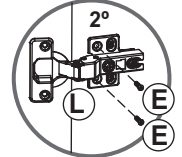

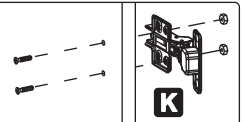

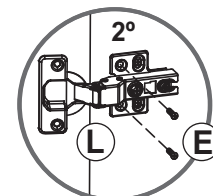

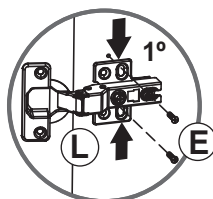

Diagram showing the installation of the second door (24) and the second set of shelves (23) on the right side of the cabinet. The door is being attached to the right panel, and the shelves are being inserted into the pre-drilled holes on the right side of the cabinet frame.
